## FLASK healthy Water Bottle

Wide range of colors and choice of 3 sizes to match best each unique character.

Silicon textured **body sleeve and silicon handle** allows to hold and carry easily without the risk of dropping.

The combination of **a wide and a narrow mouth** make it useful in almost any situation: twist the mouth off to add ice cubes or lemon slices, put it back and safely sip tasty water when driving or on the go without risk of splashing on your face and clothes.

**Compatible with cupholders** and backpack pockets

## FLASK **healthy** Water Bottle

### Safe and thoroughly developed cap:

- ❑ prevents leakage and protects the drinking surface from getting dirty wherever you put the bottle.
- ❑ covers the drinking lip, so no matter where you toss the bottle, the surface that your mouth touches will be covered.
- ❑ has a safety lock so it will stay closed in the bag (prevents accidental deployment).
